

ADRIATIC - II

KOPYA FREZE MAKİNESİ / COPY ROUTER MACHINE

TR

Alüminyum profillere (2mm), plastik profillere (3mm) kilit, kol yeri, menteşe, ispanyolet yuvaları, kanal açma ve delik delme işlemleri için kullanılır.

- Uzun ömürlü, güçlü kömürlü DC motor
- Frezeleme işlemine uygun kopya tertibatı
- Dayama milleri yardımıyla kopya tertibatından bağımsız olarak çeşitli kanallar açma
- İsteğe bağlı özel şablon kullanabilme imkânı
- Ergonomik tasarımı sayesinde kolay ve güvenli kullanım
- Su püskürtme sistemi sayesinde alüminyum profilleri çapaksız işleme imkânı
- Pnömatik mengenerler sayesinde güvenli tutuş

STANDART EKİPMANLAR:

- Ø 5 mm Freze Ucu
- Dayama Grubu
- Su Soğutma Sistemi
- Pnömatik Mengene Grubu (2 Takım)
- Freze Motor Kömürü (1 Takım)
- Hava Tabancası

OPSİYONEL EKİPMANLAR:

- Freze Ucu
- Özel Kopyalama Şablonu
- Konveyör - KAI

ENG

Used for opening lock, lever, hinge, espagnolette slots, grooving and drilling operations on aluminum profiles (2mm) and plastic profiles (3mm).

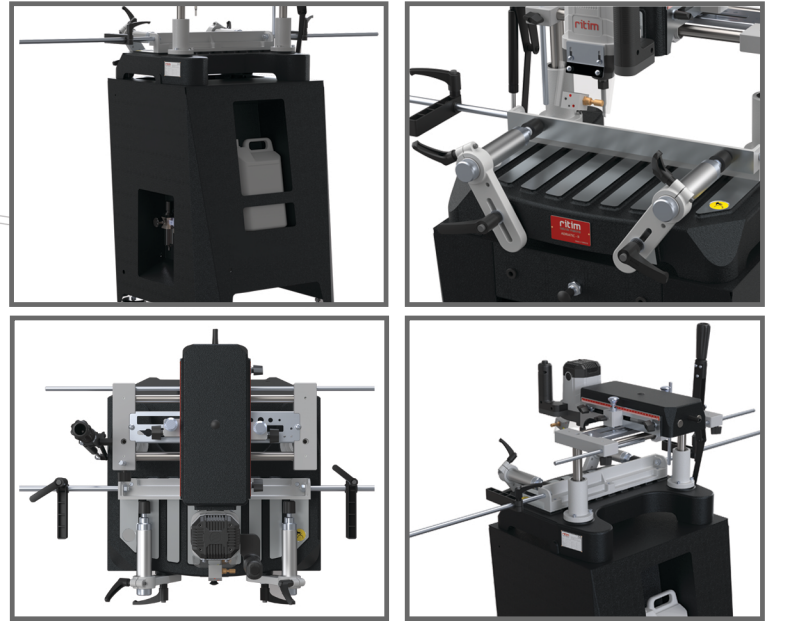

- Long-lasting, powerful DC brush motor
- Suitable for milling process with copying mechanism
- Opening various channels independently of the copying mechanism with the help of stop shaft
- Optional custom copy router template
- Easy and safe use due to its ergonomic design
- Ability to process aluminum profiles without burrs due to the water spraying system
- Secure grip due to pneumatic clamps

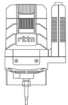

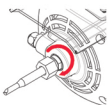

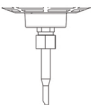

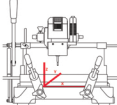

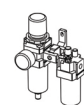

STANDARD EQUIPMENT:

- Ø 5 mm Router Bit
- Profile Support Set
- Water Cooling System
- Pneumatic Clamp Set (2 Sets)
- Carbon Brush Set (1 Set)
- Air Gun

OPTIONAL EQUIPMENT:

- Router Bit
- Special Copy Template
- Conveyor - KAI
